THAW'S DRAMATIC FLIGHT ACROSS BORDER INTO CANADA

TOOK TRAIN FOR BORDER AT PORTLAND.

In company with two men, one large and strong, the other slightly built, and both smooth shaven, Thaw, according to the police, came over the Halne Contrat at some point south of Colebrack, N. H., last night. This branch of the read extends to Portland, He, and the police think that their prisoner took the train there.

Thaw's movements that attracted attention on the train were described to the local police by Sheriff Kelsea in asking for the man's arrest. Kelsea said that while bound for his home at Colebrook, N. H., on the northbound train he heard a man sitting opposite him inquire of another in the seat at his rear where the county seat of the county through which they were passing was located. The man replied that he did not know, but added, pointing to Kelsea, "That man across the aisle might tell you."

Kelsea turned to look at the stranger and said that he recognized Thaw at once from the pictures which he had seen of him. He explained that they were in Coos County and that the county seat was Lancaster. The seeker for information noticed that the Sheriff eyed him closely and finally said: "You don't know who I am."

ADMITS IDENTITY; DEFIES SHERIFF TO ARREST.

"Well," answered the Sheriff, "I could make a pretty good guess that you're Harry Thaw."

"You're right,' said the stranger, "but you are not interested in me. I have committed no crime."

Thaw expressed a wish to get to the Grand Trunk Railway line, which would take him to Quebec. It was explained that he was then approaching the Canadian border and that the Grand Trunk line lay about fifteen miles west of the Maine Central. If he wished to reach the Grand Trunk be would have to drive by team or automobile. Thaw inquired the best place to leave the train and finally decided to get off at Hereford.

Thaw got off at Hereford, just over the Canadian line, and, not finding his companion, started out to look up a conveyance for himself. He finally reached a farmhouse and induced the head of the house to drive him to Coatcook. For this he promised to give the man \$9.

They made their way rather slowly by team, and by the time they reached Hermenetilde-Garford, two miles south of this place, Sheriff Kelsea car had overtaken them. Kelsea told Thaw's driver who his fare was, and then hunted up a constable, who arrested Thaw as a fugitive from justice

Thaw was arraigned before Justice of Peace Dupey this afternoon and was remanded to Sherbrooke Jati. He will appear before Judge Mulvens, Extradition Commissioner, probably to-morrow.

PRISONER TELEGRAPHS TO MRS. WILLIAM THAW.

Buring the afternoon Thaw sent several telegrams to relatives and friends apprising them of his whereabouts and of his going to Sherbrooke. One of the telegrams was addressed to his mother, Mrs. William Thaw, at Pittsburgh, while another was despatched to Roger O'Mara, the detective, in Pittsburgh, who has for many years looked after Thaw's interests.
One of the telegrams sent by Thaw was a request that a large sum of

ency be cent to him here.

One of the men accompanying Thaw is 5 feet 10 inches in height and his 185 pounds. He is wearing a blue suit and a peaked cap. His eyes thus described his part in the capture are blue and his face is heavy, resembling a German. He does not appear to be acquainted with the country.

The other man is of lighter build, weighing 145 pounds. His height is 5 feet 10 inches. He wears a gray suit and a coarse straw but d looks to be of Irish extraction. He says he has friends in Toronto.

Thaw was examined this afternoon by Dr. Trembolme, who found that be was suffering from excitement. The examination was made because Thew looked flushed and feverish. The doctor saked Thaw to give him a thumb-print impression, but this the prisoner declined to do.

The two companions of Thaw were briefly detained but let go. Chief of Police John Boudeau of Conticook, gave out the following

The fugitive and his two friends, however, attracted no attention throughout the long day's ride. They occupied seats in the smoking car and according to other travellers chatted with each other, but kept to turned the fugitive over to the Canaselves until 6 o'clock last night, when Thaw, inquiring of a stranger the location of the nearest county seat, was directed to Sheriff Kelsey for the formal complainant.

PITTEBURGH, Aug. 19 .- "I am pretty sure that man they have in Canada is not Harry Thaw," declared Roger O'Mara, Thaw's guardian, as he hung up the receiver of a long distance telephone in his office here this morning. "No, I have not heard from Thaw, but I am convinced he to not in Canada."

O'Mara refused to say on what he based his opinion, but he was evidently pleased with the situation.
